The regular meeting of the North York Borough Council was held Monday evening, December 6th. 1954, at 8:00 P.M. The meeting was called to order by the president, Richard A. Morris. Roll call found the following councilmen to be present: Lease, Thompson, Desenberg, Everhart, Mackenzie, Bowen, Chief Burgess Ross, Solicitor Beers, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were read and approved on a motion made by Thompson and seconded by Desenberg. Motion carried. The minutes of a special meeting held Nov. 4, were read and approved on a motion by MacKenzie and seconded by Desenberg. Motion carried.

A letter of resignation from Ralph G. Meisenhelter, as Auditor of North York Borough, was read by President Morris. The resignation was accepted on a motion made by MacKenzie and seconded by Lease. Motion carried. At this time President Morris presented the name of Jacque Whorl to fill the unexpired term of Meisenhelter. Whorl was appointed on a motion made by Desenberg and seconded by Everhart. Motion carried. At this time Whorl was sworn into office by Chief Burgess Ross.

Sanitary Committee: This committee reported that the pump at 6th. avenue was out of commission over the weekend of Dec. 4th. The breakdown was caused by a small key being broken. This was repaired. It was reported that the pump can be operated manually, and that Mr. Edward Jackson had pumped out the manhole.
It was reported that the storm sewer on 7th. avenue near the high school is believed to be clogged up. The committee reported that Mr. Paul Lauer had been contacted to clean the storm sewers. The highway committee was instructed to follow up on this issue.
It was reported that residents of N. Pine St. and E. 5th. Ave., are still running waste water onto the street. ~~A letter was read by President Morris~~ Solicitor Beers requested council to set a ~~da~~ time and date for a meeting with the Philadelphia Sewer Engineers and Lawyers, York City Council and North York Borough Council. It was decided to meet Tuesday Dec. 14th. at 7:00 P.M. at city hall. The secretary was instructed to contact the North York Authority and inform them of this meeting. It was decided to submit a list of those persons not connected into the sanitary sewer to Solicitor Beers for action. It was also decided to submit a list of all delinquent residents to Solicitor Beers for action.

Highway Committee: This committee reported that one barricade has been finished. They also reported that a hole on Meade street caused by the sanitary sewer has been repaired. This committee also ask council for permission to buy several irons to be used to hang lanterns on in case of an emergency. It was reported that a stop sign has been placed at the eastern corner of the intersection of N. Duke St. and 5th. Ave. They also reported that the holes on 7th. avenue caused by the York Gas Co., have been repaired. 8 hrs. street labor was reported by Earl Quickel. This committee reported that an addition sign has been placed on N. George St., hill, as a warning for the signal lights at the intersection of North George St. and Parkway Boulevard.

Finance Committee: The committee reported that a meeting had been held to make preliminary preparations for the 1955 budget. The budget will be prepared as soon as bids have been accepted and a final report of the expenses of the past year have been reported. They decided to prepare the budget at a meeting to be held Tuesday Jan. 4th.

At this time Solicitor Beers presented anordinance levying tax on Pin Ball Machines & Juke Boxes within the borough of North York, providing for the collection thereof and imposing of penalties for violation of this ordinance. This ordinance was adopted on a motion made by Lease and seconded by Everhart. Motion carried.

Fire & Safety Committee: Lease chairman of this committee reported thatthe Liberty Fire Co. #1 has stated that they have $4050.00 to pay on the principal for the fire apparatus. He also stated in view of the fact that the balance on the apparatus is $4500.00 that the fire company would appreciate it if borough saw fit to pay the additional $450.00 to pay the entire amount due on the apparatus. Desenberg moved and Lease seconded that borough council pay $450.00 on the fire apparatus. Motion carried.

A discussion was held regarding the annexation of property east of the borough, including Howard property, Sherril & Sherril property and also property of Natl. Independent Oil Co. President Morris stated that all persons concerned had been contacted and all agreed to annexation with the exception of one property owner. Council decided to make a survey of these properties and have the solicitor draw up the necessary petition to be signed by the property owners. This is necessary before the properties can be annexed into the borough.

MacKenzie moved and Lease seconded that the police duty bill for William Flickinger which amounted to 4 hours, and 20-1/2 hrs. for Earl Quickel, be accepted and paid. Motion carried.

Discussion was held regarding a curfew ordinance. The question was raised as to whether or not the borough had ever adopted such an ordinance. Chief Burgess Ross to check into this issue.

An ordinance for the establishing of a no parking zone on the north side of West Eighth Ave. from N. George St. to Schley Avenue. Also an ordinance for the establishing of a no parking zone on the south side of E. Fifth Ave. from McClellan Ave. to N. Duke St. Also a no parking zone on Schley Ave. from W. 6th. Ave. to Dewey Ave. Desenberg moved and Thompson seconded that the ordinances be adopted.

An ordinance for the adoption of a portion of 6th. Ave. from N. Queen St. to the end of concert curbing at the rear entrance of the parking lot of Central High School was read by solicitor Beers. Lease moved and Everhart seconded to adopt the ordinance. During the question it was brought to the attention of council that at several places the curb line and street do not meet and that it would almost be necessary to place a curb there to keep the ground from washing onto the street during heavy rains. It was stated that if the street was adopted as it is now borough would probably have difficulty later on. It was thought to that the dituation could be relieved if the School Authority would agree to grade an addition 10' on the south side of the street, making the street 50' wide. Lease and Everhart at this time withdrew their motion. Mr. Melvin Rife who was present stated that he would take the discussion to the School Board of the Central High School. After further discussion Bowen moved and Lease seconded that the ordinance be adopted. Motion carried.

A discussion was held regarding North York Borough joining the proposed Greater York Planning Commission. It was stated that the commission has not any authority but can advise municipalities in relation to any problems they may have, and that the borough can withdraw from the Commission when ever it desires. It was further stated that the cost of joining this would be approcimately $130.00 the first year. Desenberg moved and MacKenzie seconded that borough council go along with with commission. Solicitor Beers was advised to draw up the necessary agreement or resolution.

Chief Burgess Ross reported that $16.00 was collected for permits issued during the month of October. $23.00 collected in permits issued during the month of November.
He also reported $66.00 collected in fines during October and $105.00 collected in fines during the month of November.

At this time the bids for Garbage Collector for the year 1955 were opened and read. Two bids were received. One from George E. Jones of Dover, Pa., at a price of $7854.00 per year. One from Paul P. Lauer at a price of ~~$6,280.00~~ $6240.00 per year. Desenberg moved and Bowen seconded that the low bid submitted by Mr. Lauer be accepted. Motion carried.

The applications received for Police Officer were then opened. The following men submitted applications: Harry E. Smith, N. George St.
Clarence Kohler, R. D. #2
George C. White, 362 E. Phila. St.

The applications were then turned over to the Police Committee for further action.

Chief Burgess Ross reported that he has officially proclaimed the week of Dec. 13th. to be observed as Safe Driving Week in the borough.

A letter was read by the secretary from the Alto Company, stating that they would do all in their power to remedy the dituation caused by the burning of trash and junk at the rear of their plant on E. 7th. Avenue. This letter was a reply to a complaint of residents of Columbia Ave.

Lease moved and Everhart seconded that the borough council pay to the North York Authority the amount of $5400.00 the quarterly senitary sewer payment which is due Dec. 15th. 1954. Motion carried.

A letter was read by the secretary from David M. Furrow, Probation Officer in the office of the York County Probation Department, Juvenile Division, praising the work of borough officer Harry E. Smith in the apprehention of a juvenile who had escaped from a Boys TrainingSchool. Lease moved and Thompson seconded that the letter be filed.

A letter from A. J. Bedard, District Engineer of the Department of Highways was read by the secretary. Mr. Bedard stated that they would review the situation caused by the traffic light at the intersection of N. George St. and Parkway Boulevard and endeavor to arrive at some possible supplemental measure to aid in this situation. It was reported that an additional ~~Skip~~ "Signals Ahead" sign had been placed nearer the top of the North George Street hill and that also an addition signal light had been placed at a higher position on ~~one~~ of the pole on the north side of the intersection.

A letter from C. M. Wilhelm, Commissioner of the Penna. State Police, assuring the borough that the state police would assist our borough officer in any situation or emergency that may arise, and that all the officer has to be is to notify the local sub station and make known his request.

Lease moved and Desenberg seconded that an order be granted for the payment of all of the bills. Motion carried.

MacKenzie moved and Thompson seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,

Samuel A. Shittel

Secretary.

Nov. 4, 1954.

A special meeting of North York Borough Council was held Thursday evening Nov. 4, 1954, at 8:00 P.M. The meeting was called to order by the president, Richard A. Morris. Roll call found the following to be present: Thompson, Desenberg, Lease, Everhart, Solicitor Beers, and Secretary Shettel.

The purposeof this meeting was to discuss the hazardous condition of the North George Street caused by a brief but hard snow storm, and which was the direct cause of an accident involving a tractor trailer and a passenger car.

Following a length discussion regarding action to be taken to try to prevent a reoccurence of such an accident it was decided, at the request of our Solicitor, to first take three steps, being

1. Write a letter to the Commonwealth of Pennsylvania, Department of Highways explaining the accident and asking them for either their permission or recommendations regarding the erecting of a large warning sign at the crest of the North George Street hill.

2. To write to the York City Council requesting them to place a stop sign at the west approach of the intersection of North George St., and Parkway Boulevard, and that the signal lights be shut off during the time of any hazardous snow storm, or any other dangerous condition, enabling vehicles proceeding south on George St. to have the right of way without being concerned with a traffic light, and in that way avoid accidents.

3. To write to Col. Wilhelm of the Penna. State Police requesting him to instruct the members of the Police stationed in York to respond to any request we might make for help in situations such as the one in discussion, because of the fact that we do not have enough of men to handle such a serious situation.

Council instructed the secretary to write the above three letters to the parties concerned.

The meeting was adjourned on a motion made by Desenberg and seconded by Lease. Motion carried.

Respectfully submitted,

Samuel D Shettel

Secretary.

November 1, 1954.

The regular monthly meeting of the North York Borough Council was held Monday evening, November 1st. 1954, at 8:00 P.M. The meeting was called to order by the president Richard A. Morris. Roll call found the following councilmen to be present: Lease, MacKenzie, Thompson, Everhart, Bowen, Desenberg, Solicitor Beers, Chief Burgess Ross, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were read and approved on a motion made by Desenberg and seconded by Lease.

Mr. Howard Delle, a resident of Columbia avenue was present at the meeting and reported that there was excessive dumping and burning of trash in the area east of Columbia avenue and in the vicinity of the Alto Corporation. He stated that it was getting to become very unhealthy and also dangerous as small children play in that area. He stated that the trash was being burned without the property facilities. Burgess Ross stated that he would enforce any ordinance convering this situation and Solicitor Beers was asked to write the Alto Corporation a letter asking them to discontinue this practice.

Mr. Delle also reported that there is a large hole in the street at the corner of 7th. avenue and Columbia. He stated that when it rains the children have to walk up over the lawns of private homes in order to pass this hole. Council stated that it will be repaired as soon as the York Water Co. has installed water lines for fire hydrants as requested. They also stated that they would contact the Central School Board and remind them of their responsibilities in regard to this.

Fire & Safety Committee: Lease chairman of this committee that the fire siren has been repaired and can be safely used as an air raid siren, as well as a fire alarm.

Finance Committee: Solicitor Beers was given specimen ordinances from York City and Hanover borough regarding the taxing of pin ball machines, juke boxes, etc., These to be used as a pattern to arive at such an ordinance for the borough. The finance committee arranged for a meeting to be held Nov. 23, for the purpose of preparing the budget for the year 1955.

Sanitary Committee: It was reported that the sewer at the Central School had caved in. Stewart & March contacted to repair this.
On a motion made by Lease and seconded by Mackenzie the amount of $244.25 was ordered paid to the City of York for the 3rd. quarter treatment charge of the sanitary sewer. Motion carried.
Desenberg moved and Thompson seconded that an order be granted for the payment of all of the bill relative to the sanitary sewer fund. Motion carried.

Light Committee: The secretary reported that he had received word from Mr. McDowell of the Metropolitan Edison Co., that council was to inform the company as to the length of time the borough was without street lights during the recent hurricane. The secretary was instructed to contact the Metropolitan Edison Co., and inform them that to the best of our knowledge the lights east of N. George St., on N. Duke St. from 5th. to 11th. Aves. were out approximately 6 nights, and the lights on N. George St., and West of N. George St. were out approximately 6 mights.

Highway Committee: Desenberg chairman of this committee reported that the streets are in a good condition. It was reported that the York Gas Co., had repaired Laurel Street. It was also reported that the caution sign had been placed on N. George St., in regard to the traffic light at the intersection of N. George St. and 2nd. Ave., and Parkway Boulevard. Desenberg also reported that the barriers belonging to the borough are very much in need of repairs. Council authorized this committee to have as many new ones made as they need, and also repair all of the old ones possible.
A bill for 6-1/2 hrs. street labor was presented to council. MacKenzie moved and Bowen seconded that this bill be paid.

Police Committee: Thompson reported that he had checked into the removal of the trees on Dewey avenue and had received a price of $150.00 from Mr. Davenport. This price was

for the removal of 6 trees and each tree removed 6" below the surface of the street. Desenberg moved and MacKenzie seconded that Thompson instruct Davneport to remove the trees for that price. Motion carried.

Council decided to approve a bus stop at the corner of North George St. and Second Avenue.

A bill payable to Earl Quickel for the amount of $36.00 for police duty was presented to council. Desenberg moved and Bowen seconded to pay this bill.

Desenberg stated that he felt that a stop sign should be erected at the east side of the intersection of N. Duke St. and 5th. Ave. Council decided to have this done.

It was decided by council to establish a no parking zone on the north side of East Eighth Avenue between North George St. and Schley Ave. Also to create a no parking zone on the south side of Fifth Avenue from McClellan Ave. to N. Duke St. Discussion was held regarding the making of DeweyAvenue one way going east and W. 6th.Ave. one way going west. Also a discussion was held in regards to no parking on Schley Ave. from W. 6th. Ave. to Dewey Ave.

The secretary was instructed by council to advertise for bids for the garbage collection contract for the year 1955.

Thompson moved and Lease seconded that an itemized account of the amount of money that has been paid on the apparatus be prepared and sent to the Liberty Fire Co. #1.

~~Chief Burgess Ross reported that $1600 for permits issued during the month has been received.~~

MacKenzie moved and Thompson seconded that the amount of $20.00 for 10 hrs. special police duty be paid to special officer William Flickinger Jr. Motion carried.

The secretary was requested to advertise for applications for the position of police officer for the borough for the year 1955.

In regards to the annexation of the properties and land on North George St. and west of N. George St., it was reported that two of the owners have agreed to this annexation. This information has been handed over to Solicitor Beers.

Bowen moved and Desenberg seconded that an order be granted for the payment of all of the bills. Motion carried.

MacKenzie moved and Thompson seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,

Samuel H Shettel

Secretary.

October 4, 1954.

The regular monthly meetingof the North York Borough Council was held Monday evening Oct. 4, 1954, at 8:00 P.M. The meeting was called to order by the president, Richard A. Morris. Roll call found the following councilmen to be present: Desenberg, Lease, Bowen, Thompson, MacKenzie, Walter Ross, Chief Burgess, Officer Smith, Solicitor Beers, Engineer Weigle, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were read and approved on a motion made by Desenberg and seconded by Lease. Motion carried.

Fire & Safety Committee: Lease chairman of this committee reported that he had contacted Stouch & Lucas, electricians, and they stated that the siren could be fixed to be used as an air raid alarm, to give one minute blasts without danger of it breaking down. The cost of this would be between $25. and $50. Council decided to contact the Liberty Fire Co., and if they think it is advisable to have this done then he is to contact the electricians and have the siren repaired as suggested.

Sanitary Committee: Bowen, chairman of this committee reported that he had looked over the condition of Willis Run at the bottom of the North George St. hill and that he found it to be in not too bad a condition. He stated that at that time it was not clogged up as previously reported. The condition of drainage at 9th. and 10th. at the Athletic Field of the Central High School was discussed. It was reported that during heavy rains water stands on the field and becomes a very dangerous condition. The extensionof Columbia Avenue to the borough line was also discussed. Solicitor Beers was requested to contact the school board of the Central School regarding both of these issues.

The resignation of Howard Delle from borough council was read by the secretary. This resignation was tendered due to the fact that Mr. Delle was not a registered resident of the borough. MacKenzie moved and Desenberg seconded that the resignation be accepted. Motion carried.

Mr. William Everhart was presented to council by president Morris. Thompson moved and Bowen seconded that William Everhart be appointed to borough council to serve the unexpired term of Howard Delle. Motion carried. Mr. Everhart was then sworn into office by Chief Burgess Walter Ross.

Ross Black, president of the Liberty Fire Co.,was present and ask council to approve the proclaiming of the week of Oct. 3rd. to 9th. as Fire Prevention Week. Chief Burgess Ross at this time officially proclaimed this week to be Fire Prevention Week urging all residents of the borough to be especially careful and remove all fire hazards from their properties. This was approved by council. Council also sent on record in urging the residents of the borough to attend the North York Lions Club Ham Supper to be held Oct. 9th., in the North York Playground Auditorium and the Dance sponsoredby the Liberty Fire Co., to be held Oct. 30, in the Valencia Ballroom. Proceeds of both of these affairs to go into the apparatus fund of the fire company. This notice to be placed in the press.

President Morris then appointed Everhart as chairman of the Light Committee, and also a member of the Sanitary Committee and Fire & Safety Committee.

Highway Committee: A bill to the amount of $5851.80 from Stewart & March Contractors was then presented to council. This bill was for the general repairing of the borough streets as per advertised. Thompson moved and Desenberg seconded that the bill be accepted and paid. Motion carried.

It was reported that there are several places in the borough where the pavements and curbs are in a very bad and dangerous condition. The corner of 5th. avenue and N. George St., and N. Duke St., near E. 9th. Ave. were brought to the attention of council. It was reported that borough residents can be compelled to repair their sidewalks by ordinance. The council decided to make a survey of the borough and see how many conditions like this exist and also the seriousness of them. The highway committee was authorized to purchase yellow traffic paint which is needed.

A bill for 29-1/2 hours street labor was presented to council for work done by Earl Quickel. Bowen moved and Lease seconded that this bill be paid.

Engineer Weigle reported that he is working on the necessary specifications for the proposed work to be done on East 7th. Ave. and Columbia Avenue.

It was peported that the issue of the placing of new fire hydrants is in question awaiting word from the Fire Chief William Fetrow.

Desenberg, chairman of the highway committee recommended the purchase of a pickup truck, for use in hauling premix material to do patch work on the streets. It was also stated that it could be used for the hauling of cinders, barricades, snow, etc. Desenberg stated that he realized nothing could be done about this at the present time and that this is only a recommendation to be considered when the 1955 budget is prepared. The question of a police car was also brought before the council. This will be considered when the 1955 budget is prepared.

It was reported that there is a hole on North George street directly in front of the traffic signal light. This is to be repaired.

Finance Committee: MacKenzie chairman of this committee stated that he had reviewed the ordinances of York City and Hanover borough regarding the taxing of the owners of pin ball machines, juke boxes, etc., Solicitor Beers was authorized to draw up an ordinance such as this for the borough.

The police chief's report was read by Chief Burgess Ross. Chief Burgess Ross was authorized to purchase 12 - 15 mi. per hour signs to be placed in the borough. The discussion of the purchasing of cones to be used in the street providing more protection for school children was held. No action was taken on this issue. During the report of the police committee Thompson brought up the issue of the hiring of auxiliary policemen by Chief Burgess Ross. Thompson questioned the authority by which this was done and that in case of any one of these persons have an accident that it would be possible that the borough be held liable for it. Ross stated that these persons all had passed the required tests provided for this work and that he had appointed them to be used only in an emergency and that he had not used any of them up to this time. He also stated that they do not become a part of the North York Borough Police Department. It regard to their being covered by our compensation insurance it was decided to contact the insurance company regarding this.

Assessor Leo Poff was present and requested to know the extent of the property owned by Sherrill and Sherrill Co. at the south end of the borough. He also stated the possibility of annexing the property at 533 N. George St., a small tract of land in Manchester Township and also the property of Sherrill & Sherrill. He further stated that the plans that the Sherrill & Sherrill Co. had in mind would benefit the borough as far as tax monies was concerned. Engineer Weigle was instructed to make a survey of these properties and then the persons owning these properties to be contacted by council regarding their desire to be annexed into the borough, in as much as consent of three-quarters of the freeholders will have to be obtained before annexation procedures can be taken.

Chief Burgess Ross report was then presented to council. This report that $30.00 in fines was collected from his office, $20.00 from J of P Amanda Quickel, and $32.00 from J of P George F. Snyder, making a total of $82.00 collected in fines during the month. He also reported that $13.00 was collected for permits ussued during the month. Bowen moved and MacKenzie seconded to accept this report. Motion carried.

Lease moved and Desenberg seconded that an order be granted for the payment of all of the bills. Motion carried.

Thompson moved and Bowen seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,
Samuel A Shettel
Secretary.

October 4, 1954.

Sept. 13, 1954.

The regular monthly meeting of the North York Borough Council was held Monday evening Sept. 13th., at 8:00 P.M. The meeting was called to order by the president Richard A. Morris. Roll call found the following councilmen to be present: Desenberg, Lease, Bowen, Thompson, Chief Burgess Ross, Solicitor Beers, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were read and approved on a motion made by Bowen and seconded by Desenberg. Motion carried.

Lease moved and Bowen seconded that Howard Delle be appointed a member of Council to fill the vacancy left by the resignation of Roy Bierbower. Motion carried. Mr. Delle was then sworn into office by Chief Burgess Ross.

The Sanitary Committee reported that parts for the sanitary sewer pump have been shipped from the factory and that they will be installed as soon as they arrive. It was reported that the garage of Mr. Roy Kinard has been repaired by the sewer contractor. It was reported that Court Ave. between 7th. and 8th. avenue was in such a condition that water was not following the course of the alley but running into the yard of Mr. Hollinger. It was also reported that Laurel street was in very poor condition. In as much as both of these conditions were caused by the laying of the sanitary sewer they are to be brought to the attention of the contractor.

The Light Committee reported that the street lights have been erected by the Metropolitan Edison Co., as requested.

High Committee: It was reported that the street surfacing and patching has been completed by the contractor Stewart & March. A discussion was held regarding the condition of E. 7th. avenue from N. Duke Street to Columbia Ave. Engineer Weigle stated that he tought it would be wise to advertise for bids for the refinishing of this street. After further discussion Engineer Weigle was instructed to draw up specifications for this work. Lease moved and Desenberg seconded that specifications be drawn up by Weigle for complete surface treatment and also a top surface job and that Seventh Ave. and Columbia Ave. be considered as two units. Regarding the extending of Columbia Ave., to the borough line it was reported that nothing to date has been heard from Manchester Township. It was stated that Manchester Township was awaiting some word from the Central School District. 27 hours street labor was reported by Earl Quickel. Thompson moved and Lease seconded to pay this bill.

Police Committee: It was reported that the alley extending along Prospect Hill Cemetery from Dewey Ave. to W. 6th. Ave. has been repaired relieving a bad situation, but that the ~~situation~~ parking situation is still very bad on Dewey Ave., The establishing of a one way street was considered and also the removal of several trees on this street was discussed, ~~This~~ to help this situation. The police committee to look into this condition.

Fire & Safety Committee: Lease chairman of this committee reported that he had contacted Strevig the city electrician regarding the repairing of the fire siren but has not heard anything from him. He stated that he contacted Stouch & Lucas and they repaired the siren but said that the same thing would happen if it were held on too long. Lease stated that he asked them to suggest some other way of using the signal but as yet has not heard from them. He stated that he will contact them again.

Finance Committee * No report.

Chief Burgess Ross stated that he had William Flickinger Jr., working as an extra police officer. He also reported that $49.00 was collected for permits issued during the month, and $162.00 collected in fines. It was decided to have the police committee check into the speeding conditions in the vicinity of the Central High School. Discussion was held regarding the parking of vehicles on the wrong side of the street. Council decided to enforce this law on N. George St., and one block off of George street. Burgess Ross was given permission to order copies of the Official Oath which he is in need of.

Permission was given to Tax Collector Raymond Brothers to order a supply of 10 day notices and wage attachment notices which he is in need of.

The secretary read the resignation of Millard Strine. Mr. Strine stated that because of his business obligations he is forced to resign from council. Lease moved and Thompson seconded that this resignation be accepted.

The name of Mr. Raymond MacKenzie was suggested as a member of council. Desenberg moved and Bowen seconded that Mr. MacKenzie be appointed to council. Motion carried. Mr. MacKenzie was kg then sworn in by Burgess Ross.

A letter was read by the secretary from the North York Board of Health. They reported that the pump used for the m pumping of sewage from W. 6th. Ave., was not working properly causing a very unhealth condition. This situation will be corrected as soon as the parts for the pump arrive. The second complaint pertained to Willis Run where it crosses N. George St. in the 500 block N. George St. It stated that the stream is clogged up and caused water to back up into the properties on the east side of N. George St. Council to look into this situation.

Lease moved and Thompson seconded to pay the 3rd. quarter sewer payment to the North York Authority, the amount being $5400.00. Motion carried.

A letter was read from the York City Council requesting that North York Borough Council sign a resolution which will enable them to secure a permit from the Penna. Department of Highways for the installation of signal lights at the intersection of North George St., 2nd. Ave., and Parkway Boulevard. After careful consideration of this matter council ask the secretary to write the city stating that if two warning signs are placed on the hill they will sign the resolution. This action was taken because of the possible dangerous condition in which the hill becomes, especially during the winter. Council felt that these two signs are needed to provide the necessary warning to motorists .

The ordinance regarding the taxing of pin ball machines, etc., in the borough was turned over th the finance committee for further action.

Thompson moved and Lease seconded that council adopt a resolution for the obtaining of matching funds from the Motor License Fund of the Department of Highways.

Council moved to accept the Property Damage and Public Liability Insurance Policy on the sanitary sewer and issued by Roy L. Geesey, and also the Fire Insurance Policy issued by Roy L. Geesey. Thompson moved and Lease seconded to pay these policies.

Lease reported that representatives of the Department of Highways stated that N. George St. would repaired as soon as possible.

Bowen moved and Lease seconded that an order be granted for the paying of all of the bills. Motion carried.

Thompson moved and Desenberg seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,

Samuel H Shittel

Secretary.

A petition signed by residents of the 1300 block N. Duke St., regarding a resident owning a dog that was creating a nuisance, was presented to council. Solicitor Beers instructed council that this was no concern of councils as it was a private affair between these people and the accused, and which would have to be taken before an alderman.

The regular monthly meeting of the North York Borough Council was held Monday evening, Aug. 2, 1954, at 8:00 P.M. The meeting was called to order by the president Richard A. Morris. Roll call found the following councilmen to be present: Bierbower, Thompson, Desenberg, Bowen, Lease, Chief Burgess Ross, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were read and approved on a motion made by Bierbower and seconded by Thompson. Motion carried.

High Committee: Bierbower, chairman of this committee reported on the letter received from Attorney William Wogan regarding the extension of N. Duke St., from 4th. Ave. to 3rd. Ave., and in the interest of J. Edward Sherrill. He stated that he had immediately contacted Mr. Sam Meisenhelter of the Sherrill office and learned that he, Meisenhelter, knew very little about the plans of Sherrill. Bierbower stated that he told Wogan that he felt borough council would go along with the keeping of their agreement, but that nothing could be done until the hill was graded and certain improvements made on the proposed street. He also reported that he told this office that council should know just what kind of development is intended in this area. He also ask that Sherrill, as a matter of courtesy, give borough council three months advance notice when they intend to make any king of development.

It was reported that the general repairing of the streets is progressing. That Court Avenue is practically finished. Work is being done on Schley Ave., and that East Sixth Avenue is finished.

It was reported that the center of North George St., is in a very bad condition. Bierbower stated that he had contacted the state regarding the repairing of this but that he was told that there was no money available to do this. He stated that if the secretary wrote to Mr. A. J. Bedard, District Engineer of the Department of Highways that we may be able to have some repair work done. The secretary was instructed to do so.

Fourteen and one-half hours (14-1/2) street labor was reported by Bierbower. This work was done by Earl Quickel. Desenberg moved and Lease seconded to pay the bill for this labor.

Police Committee: Desenberg reported on the proposed no parking zone to be establighed on W. 8th. Ave., from N. George St. to Schley Ave. He suggested that the no parking signs be placed on the north side of the avenue because it would give the fire apparatus more space to turn west on 8th. Ave. Thompson moved and Bowen seconded that the Solicitor be instructed to draw up an ordinance covering this no parking zone.

It was also suggested that 6th. avenue be made one way going west and Dewey Avenue be made one way going east. The Highway committee and Police committee to check into this matter.

Fire & Safety Committee: Lease chairman of this committee reported that the fire siren was out of commission and ask council if they would defray the expense of having it repaired. He stated that the siren is not blown correctly and because of this the points were burned out. It was decided to have instructions made up and placed at the siren so that it is sounded correctly. Lease was instructed to contact John Strevig, the city electrician, regarding the repairing of the siren.

Sanitary Committee: Bowen chairman of this committee reported that he had received word that one of the sanitary sewer pumps at 6th. avenue was out and people were complaining of water coming into their cellars. It was also reported that nothing has been done regarding the installing some sort of signal in the home of Edward Jackson warning him when the pump is not working. It was decided to contact Engineer Weigle regarding both the pump and the signal.

Light Committee: No report.

Finance Committee: During the report of this committee it was stated that the need for a completely revised ordinance was urgent so that the Chief Burgess is familiar with all the ordinances in the borough and act accordingly. It was stated however that the preparing of such a book would cost several hundred dollars. Mention was made regarding the taxing of the owners of all pin ball machines, shuffle boards, etc., in the borough, possibility $25.00 or $50.00 and that the revenue be from this tax be earmarked for a new ordinance book. The suggestion was held over for discussion.

Chief Burgess report: The Chief of Police report was read by the Chief Burgess. Burgess Ross reported that during the month he had had William Flickinger Jr, as a special police officer and ask to pay him for 3 hrs. work or the amount of $6.00. He also stated that due to Officer Smith being on vacation he hired William Flickinger Sr., and that he worked 9-1/2 hrs. on foot and 20-1/2 hours as a motorized officer. He submitted a bill for $50.50 for Flickinger Sr.

Burgess reported that $186.00 was collected during the month in traffic violations, and $75.00 collected in permits issued during the month.

Desenberg moved and Thompson seconded that an order be granted for the paying of the special officers bills. Motion carried.

A letter was written by the secretary from our Solicitor Robert O. Beers requesting that borough council appoint Carl May as assistant solicitor so that tax lein papers can be signed and executed, as they cannot be signed by Beers because of him being the Prothonatary of York County. Bierbower moved and Bowen seconded that Carl May be appointed as assistant solicitor for the borough.

At this time President Morris read the letter of resignation from Councilman Roy Bierbower which stated that he regretfully tenders his resignation due to the fact that he is leaving the borough to reside in Spring Garden township. Morris expressed his sincere thanks to Bierbower for his great interest in his position as a councilman and also his interest in the welfare of the borough, and further congragulated him on the fine job he had done as chairman of the highway committee. Lease moved and Desenberg seconded with regret and thanks this resignation. Motion carried.

Councilman Desenberg was appointed by President Morris as acting chairman of the highway committee, until a new member of council could be named.

Desenberg moved and Thompson seconded that an order be granted for the paying of the Compensation Insurance Premium held by the Pa. Thresherman and Farmers Mutual Casualty Insurance Co., and payable to the office of Dellinger & Hocke, and to the amount of $183.66. Motion carried.

Desenberg moved and Thompson seconded that an order be granted for the paying of sewer treatment charges to the City of York for the quarter of 1-1-54 to 3-31-54 and also the quarter of 4-1-54 to 6-30-54. Motion carried.

Bowen moved and Lease seconded that an order be granted for the paying of all of the bills. Motion carried.

Bowen moved and Thompson seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,

Samuel H Shettel

Secretary.

July 12, 1954.

The regular monthly meeting of the North York Borough Council was held Monday evening, July 12, 1954, at 8:00 P.M. The meeting was called to order by the president Richard A. Morris. Roll call found the following councilmen to be present: Bierbower, Lease, Strine, Bowen, Thompson, Chief Burgess Ross, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were read and approved on a motion made by Bowen and seconded by Strine. Motion carried. The minutes of the adjourned meeting held June 10th., were read and approved on a motion made by Thompson and seconded by Strine. Motion carried.

Highway Committee: Bierbower chairman of this committee reported that work has been started on the general repairing of the borough streets by the contractors, Stewart & March. He stated that they had started on Second Ave., and that it would progress as rapidly as possible throughout the borough. It was also reported that there were no new developments regarding the extending of Columbia avenue, and 10th., Avenue., as nothing was heard from Manchester Township.

Finance Committee: No report.

Sanitary Committee: No report.

Light Committee: Two resolutions were presented to council from the Metropolitan Edison Co., regarding the moving of one street light from the middle of W. 8th. Ave., to the corner of W. 8th. Ave., and ~~the alley at the~~ Fair Alley., and also the placing of two new lights at the Corner of 4th. Ave. and Duke St., and the corner of W. 8th. Ave., and Schley Alley. Lease moved and Bowen seconded that the resolutions be adopted and signed. Motion carried.

Fire & Safety Committee: Lease, chairman of this committee reported that Mr. Redman of the York Water Co., promised that the low pressure in the fire hydrants would be remedied as soon as possible, and as soon as the low water shortage is relieved. A suggestion was made to connect the two dead end line at 9th. avenue. It was also stated that the hydrant will have increased pressure.

Police Committee: Chief Burgess Ross reported that yellowi lines in the borough have been painted. The chief of police report was read by the Chief Burgess.

Chief Burgess Ross reported that during the month of ~~June~~ May $44.00 was collected in permits issued and $29.00 in fines collected.

He also reported that during the month of ~~June~~ June $52.00 was collected in permits issued and $26.00 in traffice violations collected.

Ross stated that Special Officer William Flickinger stopped 30 motorists, of these he warned twenty of them and issued traffic tickets to 10. He stated that Flickinger reported 3 hrs duty at $2.00 per hour. Thompson moved and Bierbower seconded that Flickinger be paid $6.00. Motion carried.

Burgess Ross reported that he had received a communication from John D. Graves regarding properties he owns in the borough. Graves stated that he would like to have a bill sent him for the construction charges and treatment charges covering the entire 40 years the entire length of the bond issue. Council stated that this was impossible and he would have to pay the sewer rent like the other residents in the borough. The secretary was instructed to write him informing him of this.

Ross reported that final warnings regarding the entering into the sewer are being issued.

It was reported that up to this time nothing has been done regarding the establishing of a no parking zone on the south side of W. 8th. Ave., between N. George St. and Schley Alley. The police committee to look into this and report at the next meeting.

Herbert D. Kern, a member of the North York Civilian Defense Unit was present at the meeting. He stated that at the present time North York Borough had one of the best organized civilian defense units. He stated that at the present there were 56 members, 45 men and 11 women. He further stated that thirty-six of these members had taken and passed the auxilliary police course held at the North York High School. He stated that the unit was as far as they could go on its unofficial basis. He stated that they would like to form a North York Disaster Unit that could be still carried on after the Civilian Defense program is discarded. He stated that this unit would be able to combat and help with fires, tornado's or any other disaster that might befall the borough. He stated that the unit could not do this alone but would need the financial help of borough council. Burgess Ross who is the CD co-ordinator in the borough gave an itemized report as to the expenses which would be involved in such a project. He stated that roughly $750.00 per year would be needed to maint ain such an organization, some of the money being raised from projects taken on by the organization itsself. Discussion was held regarding this issue and council stated that nothing could be done at the present time as there was nothing set in the 1954 budget for such an issue as this. Council ask that the finance committee consider this and that possibly a civilian defense allotment can be put in the 1955 budget.

A bill to the amount of $235.45 was presented to borough council from the Liberty Fire Co., #1, covering an insurance policy on two pieces of fire equipment. Lease moved and Bowen seconded that this bill be paid. Motion carried.

An insurance policy from the office of Roy L. Geesey was presented to council. This policy covers comprehensive general liability on the sanitary sewer. The amount of the policy was $228.83. Council decided to hold up payment up on this policy until they can learn more about it from our Solicitor Robert Beers.

A letter was read from Attorney Wogan regarding the extention and adoption of Duke Street from Fourth Avenue. The letter stated that borough council had gone on record as stating that they would extend this street whenever Mr. S. Edward Sherrill requested it, in as much as Mr. Sherrill conveyed this land to the borough thru a general warranty deed. In as much as practically every member of council is new since this agreement was made, they decided that the highway committee contact the office of Mr. Sherrill to learn more in detail regarding this.

Bowen moved and Strine seconded that an order be granted for the payment of all of the bills. Motion carried.

Strine moved and Bowen seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,

Samuel H. Shittel

Secretary.

July 12, 1954.

June 10th, 1954.

An adjourned meeting of the North York Borough Council was held Thursday evening, June 10th., 1954 at 7:00 P.M. The meeting was called to order by the President Richard A. Morris. Roll was called find the following councilmento be present: Thompson, Bowen, Lease, Bierbower, Strine; Solicitor Beers, and Secretary Shettel.

The purpose of this meeting was to take formal action on the signing of a supplemental agreement between North York Borough and the City of York regarding the billing of borough residents for sewage treatment and also for the adopting of an ordinance setting a sewer rate of treatment in comparison with the city of York.

Discussion was held regarding the advisibility of accepting this agreement and passing this ordinance by council members. Three members of the North York Authority were present at the meeting and offered objections to the adopting of this ordinance and the passing of the agreement. They stated that they felt that council should have a more explicit agreement and be shown figures as to how borough residents would be better off under the new agreement. They felt that the present contract they had should be still used.

Following further discussion council seemed that it would be advisable to call a special council meeting and invite representatives of Albright and Friel, consulting engineers to the York Sewer Authority; the City Solicitorx, members of the North York Authority and also the public to get more facts before reaching a decision. Solicitor Beers was instructed to contact the necessary parties and the time of the meeting to be decided upon by borough council. A motion was made to this effect by Bierbower and seconded by Thompson. Motion carried.

Lease made a motion to recind a motion made for the adoption of an ordinance for the setting of new sewer rates. Bierbower seconded the motion. Motion carried.

Bierbower moved that the meeting be adjourned. Bowen seconded the motion. Motion carried.

Respectfully submitted,

Samuel H Shettel

Secretary.

June 7, 1954.

The regular monthly meeting of the North York Borough Council was held Monday evening, June 7th, 1954, at 8:00 P.M. The meeting was called to order by the president Richard A. Morris. Roll call found the following councilmenx to be present: Bierbower, Desenberg, Lease, Bowen, Thompson, Walter Ross, Chief Burgess, Solicitor Beers, Officer Smith, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were read and approved on a motion made by Lease and seconded by Thompson. Motion carried.

Highway Committee Report: Bierbower, chairman of this committee reported that considerable progress on the streets is xx expected to be made within the next month. It was reported that the storm sewer on 6th. avenue has been corrected. A bill for Charles Harris for the maintaining of lanterns at 6th. was submitted and was approved for payment. It was also reported that the weeds on borough property have been cut. Bierbower reported that the storm sewers have not as yet been cleaned out but that Mr. Paul Lauer has been contacted regarding and this work will be done as soon as possible.

Police Committee report: Desenberg chairman of this committee/reported that the police committee had hoped to have a resident of the borough present at this meeting for approval by council for the position of special police officer, but that he had changed his mind. Council decided to defer the appointment of a special officer until the beginning of the fall term of school at which time the need for this officer will be greater than it is at the present.time. The names of Kauffman, Paul; Charles Thompson and Wilson Lewis were given as men who have been called on for extra duty. The police committee was instructed to contact these men to see if they will accept the position of special police on an emergency basis.
A request was made by the police committee for the purchasing of summer uniforms for the borough officer to the amount of approximately $45.00. This including 2 shirts, 2 pair of trousers and a cap. Lease moved and Thompson seconded that an order be granted for the purchasing of this equipment. Motion carried.
Lease moved and Bierbower seconded that all purchased in the future be handled by formal purchase order and these to be written by the secretary. Motion carried.
The chief of police report was read by the secretary. Desenberg moved and Bowen seconded that the report be accepted.

A check to the amount of $156.48 was presented to council by Mr. Lloyd Kauffman for the cost of a new light xxxxxxx which was added to the original traffic light at 7th. Ave. and Geo. St. This light erected solely for pedestrian traffic. The secretary to write Mr. Kauffman a letter expressing the councils sincere thanks for his generosity and his welfare of the borough.

Harry Lease, chairman of the Fire & Safety Committee reported that the fireplugs have been checked by the fire company's representatives and the York Water Co. It was reported that fire hydrants have been replaced at 5th. & Duke St. and 9th. & Geo. Sts. It was also reported that tests show that there is very low pressure at Columbia Ave. near Central Joint High School, Pine and Fifth Ave, and at the dead end of W. Ninth Ave. This test showed that the pressent was approximately 100# but that it should be 1000# per minute to adequate pressure. Lease was asked that the fire and safety committee contact the York Water Co. regarding this low pressure to see if it cannot be remedied.

Lease suggested that a no parking zone be established on the south side of W. 8th. Ave. between N. George St. and xxxxxxxx Schley Ave. to eliminate a congested condition caused by cars parking on both sides of the street at the time of church services at the Bible Church. He stated that it wouldbe impossible for a fire apparatus to get up Eight Ave. The police committee to check into thes and report at the next meeting.

The finance committee reported that approximately 75% of the borough taxes have been collected.

William Fetrow, Fire Chief of the Liberty Fire Co., was present and ask council to seriously consider the purchasing of a service truck. He stated that a truck of this nature was very much needed and could be used at the time of fires or other disasters, and also along with the civilian defense program. He further stated that this truck would carry a portable pump, gas masks, lighting system, and other equipment, and that in all probability the Civil Defense Organization would pay 50 per cent of the cost of this truck. Council acknowledged the fact that the fire company was in need of such a truck but that financially they could do nothing at the present time. Fetrow stated that the fire company does not expect them to act immediately but that they give it serious thought. He stated that the cost would be approximately $6000.00 fully equipped. The Fire and Safety Committee to consider the matter.

Sanitary Committee Report: Roy Kinard a resident of Latimer St. was present at the meeting and stated that during the construction of the sanitary sewer the contracted moved his garage about 1-1/2" off of its foundation. He stated that he had reported this to the contractor but up until this time nothing had been done about. He further stated that the garage is in such a position that he cannot get the doors shut and that he does not put his car in the garage. Engineer Weigle stated that he had not done anything about this situation, but that he would check into it and have it remedied.

George Boring owner of the property at Laurel and N. Geo. St., ask council that he be given permission not to enter into the sanitary sewer due to the fact that he is anticipating tearing down this property. Council suggested that he obtain a permit to tear the building down and that they defer any formal action until a decision can be arrived at.
It was reported that 43 homes have to hooked to the sanitary sewer. Twenty of these have lifted permits and twenty-three to lift permits. It was stated by council that these property owners were in violation of the ordinances set up and that Chief Burgess start procedure in enforcing these ordinances.

The amount of $5400.00 was paid to the North York Borough Authority for the June 15th. installment on the Sanitary Sewer. This was paid on a motion made by Bierbower and seconded by Desenberg. Motion Carried.

Donald Thompson, chairman of the Light committee stated that the committee had made a survey of the borough regarding street lighting and recommend that a new light be placed at W. 8th.Ave. and Schley Ave., one at 4th. and N. Duke St., and that the light now in the center of W. 8th. Ave., be removed and placed at the corner of Fair Ave. and W. 8th. Ave. He stated that the new lights would be installed with no cost to the borough with the exception of increased service. A motion was made by Thompson and seconded by Desenberg that the secretary write the Metropolitan Edison Co., requesting that they go over the light situation in the borough with the committee with the possibility of having increased light in the borough. Motion carried.

A supplemental agreement between the North York Borough and York City regarding the billing of residents for sewer rentals which was drawn up by Solicitor Beers was presented to council for approval. The agreement as read stated that the rate would be set according to the number of fixtures in a residence rather than the $12.00 present charge, with an added 10% above the city rate which would cover all of the billing. Also that the city furnish the borough with a list of all delinquents and also all users. Discussion was held regarding as to whether council should stick to the old agreement which is in force until the new sewage plant is completed. Beers stated that he did not think council would be wise in not accepting this agreement as other municipalities concerned have gone along and have held more equitable contracts than North York, and that it would be just a matter of time until the borough would be forced to go along with the city thru arbitration. Lease moved and Bierbower seconded to accept this agreement. Motion carried.

A bill for 24 hours of special traffice duty done by Mr. Wilson Lewis was presented to council by Chief Burgess Walter Ross. Thompson moved and Desenberg seconded, that the bill be paid. Burgess Ross reported that it was impossible for him to have prepared any formal report to present to council and ask council to defer his report until the next meeting. Council agreed to do this.

Desenber moved and Bowen seconded that borough council contribute $200.00 to the North York Recreational Fund. Motion carried. This amount had been set up in the proposed and approved budget.

Bierbower, chairman of the Highway committee stated that the committee and Engineer Weigle had gone over the borough and made a schedule of the streets to be repaired this year. This schedule was then read to council by Bierbower, copy of which is attached to these minutes. Engineer stated that that the native lake asphalt which was called for in the bids was very hard to bet and may hold up repairs, but that the contractor can get other material equally as good and cheaper by .04 per sq. yard. Council gave Weigle the authority to use his own judgement as to what is used. The report was approved by council. Bierbower brought a request from street laborers that their salarres be increased from $1.00 to $1.50 per hour. This was turned over to the finance committee for disposition.

The tax collectors bill to the amount of $127.28 was presented to council for disposition. Thpmpson moved and Bowen seconded that this bill be paid. Motion carried.

The bill to the amount of $45.00 for labor done in installing the additional traffic light was presented for payment. The payment of this was deferred until the light is corrected. As it is at present motorists traveling north cannot see the light until they are upon it.

Desenberg moved and Thompson seconded that a bill to the amount of $156.48 to Reigelmeier Traffice Service, for new traffic light be paid. Motion carried.

Desenberg moved and Bowen seconded that an order be granted for the payment of all of the bills. Motion carried.

President Morris atated that an adjourned meeting of borough council would be held Thursday evening, June 10th., at 7:00 P.M. for the purpose of formally accepting the supplemental agreement between North York Borough and York City, for the billing of sewer rentals.

Desenberg moved and Bowen seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,

Samuel A. Shettel

May 3, 1954.

The regular monthly meeting of the North York Borough Council was held Monday evening May 3rd. 1954, at 8:00 P.M. The meeting was called to order by the president Richard A. Morris. Roll call found the following councilmen to be present: Roy Bierbower, Desenberg, Lease, Bowen, Thompson, Chief Burgess Walter Ross, Solicitor Beers, Chief of Police Smith, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were read and approved.

Sanitary Committee: It was reported by this committee that the electric pump used in connection with the Sanitary Sewer, and located at the end of W. 6th. avenue was reported as not working properly. Engineer Weigle stated that it has been repaired and the suggestion was made that an electric alarm be put on this pump so that if if does not work properly it will ring an alarm in the home of Edward Jackson who has volunteered to maintain the pump as much as possible, and that also a duplex pump used so that if one goes out the other will authomatically take over the operation of the pump. It was also reported that the storm sewer at the end of W. 6th. Ave., has been closed by the sewer contractor when he installed the sewer causing a flooded condition when it rains. Weigle reported that the contractor would be in the borough this coming Wednesday if weather permits to do any repairing of the streets that may need and also to complete the repairing of the streets and alleys that were torn up when the sewer was constructed. Weigle was instructed to check this storm sewer and have the contractor make any necessary repairs to eliminate this flooding condition. It was also reported that several storm sewers in the borough were filled up and should be cleaned. The Highway committee to check into this and take care of this condition wherever needed.

Light Committee: It was reported that the street light at the corner of 8th. Ave. and N. George Street had been placed on a shorter arm the intersection to be much darker than previously. It was suggested that the light committee check the street lights over the borough and contact Metropolitan Edison Co., to see what can be done to improved this condition. Thompson, chairman of this committee to take care of this.

Police Committee: A report of special officer Earl Quickel was read. This showed that he had put in 47 hours of special police duty during the month. Desenberg moved and Lease seconded to accept the report. Burgess Ross reported that Mr. Wilson Lewis has been acting as special officer since the resignation of Quickel. He stated however that he was only hired on a temporary basis and was assisting in helping the school children across the street.
The Chief of Police report was read by the secretary. Lease moved and Desenberg seconded that the report be accepted. Desenberg moved and Bowen moved to pay bills submitted by Ross and Smith.

Fire & Safety Committee: A suggestion was made that a fire hydrant be installed at the corner of 11th. avenue and N. Duke St. William Petrow fire chief of the Liberty Fire Company reported that there are three hydrants in the borough that have very low pressure. Petrow was requested to contact the York Water Company and make a complete check of all of the fire hydrants in the borough. This to be done with Harry Lease chairman of the Fire & Safety Committee.

Finance Committee: No report.

Highway Committee: This committee reported that all of the signs and sign posts have been painted. All curbs have been painted yellow. Also that Eagle Street has been made a two way street. It was also reported that no parking signs have been placed on Sleigh Avenue. Burgess Ross reported that the cleanup campaign which was held, he felt was very successful. He stated that he received fine cooperation and felt that the borough is in a cleaner condition now than it has been for a long time. He stated however that there are a few places to be cleaned up but that this would be done.

Morris thanked the Burgess on behalf of the council for this cleanup campaign.

Bierbower stated that he had purchased 9 Ton of Crusher Waste and used it on Meade street, and that he felt it was working out very well in that it consists of crushed stone and clay and seems to pack very well. Engineer Weigle stated that it is very good and that it is used quite often for temporary street repairing.

Discussion was held regarding the opening of 10th. Ave. from Duke street to the borough line and also the opening of Columbia Avenue to the borough line, north. Morris reported that he had been contacted by a representative of Manchester township relative to the opening of these streets. He stated that the township is planning to open these streets from the borough line to 11th. avenue. By opening Columbia avenue it was thought that it will relieve Seventh Avenue of a great deal of heavy truck traffic from the Transit Co., on Columbia Avenue, and that there will also be a great deal more traffic thru the borough at these points when the new high school is completed.

The Chief Burgess report was then read by Ross. This reported showed that 15 permits were issued for the amount of $37.50. $64.00 collected in fines from the Burgess office, $25.00 from the office of J of P Amanda Quickel and $10.00 from the office of J of P George Snyder.

The question of the paying of a bill received from York Pennsylvania Press Inc, covering Envelopes, etc., purchased by the Tax Collector, Raymond H. Brothers, was again brought before the council. After a discussion on this matter Morris requested that the Finance Committee meet with Brothers and try to reach an agreement.

Thompson moved and Desenberg seconded that borough council pay to the City of York the amount of $1644.00 for sewer treatment for the period beginning Oct. 1, 1953 to Dec. 31st. 1953. Motion carried.

It was reported that the newly installed traffic light at the south east corner of N. George St. and Seventh Ave., is not installed correctly in that motorists traveling north do not see it until they are at the intersection because of a utility pole. It was suggested to defer payment on this until the light is changed and the situation remedied.

At this time bids for the general repairing of the borough streets as advertised were opened and read by the Secretary. Bids were received from Emrich Construction Co., H. J. Williams Co.,and Stewart & March. The bids were compared and discussion held regarding them. It was found that the firm of Stewart & March were the lowest bidders with a bid of 91 cents to $1.00 a square yd. for three inch paving; 41 cents to 45 cents a square yard for double surfacing and $12.45 a ton for permixed bituminous material. This price included grading, spreading hauling and rolling of the material. Engineer Weigle recommended to the council that the bid should be let as a whole and not part to one company and part to another. After further discussion Bierbower moved and Bowen seconded that the bid of Stewart & March Inc., be accepted. Motion carried. The secretary was instructed to inform the other two bidding companies and return their certified checks to them.

Lease moved and Thompson seconded that an order be granted for the payment of all of the bills. Motion carried.

Bierbower moved and Thompson seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,

Samuel H. Stettler

Secretary.

May 3, 1954.

The regular monthly meeting of North York Borough Council was held Monday evening, April 5th. 1954, at 8:00 P.M. The meeting was called to order by the president, Richard Morris. Roll call found the following councilmen to be present: Roy Bierbower, Clair Desenberg, Harry Lease, Millard Strine, Wayne Bowen and Donald Thompson; Chief Burgess Walter Ross, Solicitor Beers, Police Officer Smith, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were read and approved. The minutes of the adjourned meeting held March 9, were read and approved.

Reports of Standing Committees:

Sanitary Committee - None.

Highway Committee - It was reported that N. Duke St. in the 1200 block was in a bad condition. It was reported that this was caused by the work done by the York Water Company. Officer Smith stated that a representative of the company was out to check the situation. It was reported that work on the streets and the alleys would be done. It was also reported that the company that constructed the sanitary sewer would begin street repairing in the spring.

A revised permit for the erection of addition traffic lights at the intersection of North George St. and 7th. Ave. was read by the secretary. The Pa. Dept. of Highways reported that Eagle St., could be made a two way street without any official permission of this department. The permit was turned over to the Police Committee and they were instructed to take the necessary action to have this additional light installed.

Burgess Ross stated that he had received permission to paint white cross walks lines at the intersection of North George St. and 7th. Ave., and that he was going to try to get permission from Mr. Homer Bennet of the Department of Highways to place white discs marking these crosswalks permanently. It was reported that the two hour parking zones recently established was working out very well.

The police committee - The police report was read by the secretary. The report was accepted.

William Petrow, fire chief of the Liberty Fire Company was present and stated the the fire company was in need of 10' of suction hose. Bowen moved and Thompson seconded that this hose be purchased by council. It was also reported that the radio monitors were being ordered at a cost of $125.00 for both monitors and that the Civil Defense Organization would pay for one half of this.

Light Committee - None

The report of the Chief Burgess report was read by Chief Burgess Ross. This report showed that $8.50 was collected in permits issued, and $186.00 collected in Traffic and other violations during the month. It was reported that the special officer Earl Quickel had put in 83-1/2 hrs. during the month. He stated that it had become necessary for the special officer to put in that many hours due to the number of requests from the residents for police protection. He reported that he had received numerous calls during the night regarding prowlers and other numberous disorderly conduct incidents. He reported that since the officer had been on duty the prowler reports have ceased and that the general police protection has been increased.

The question on the hiring of women for auxiliary police duty in the help with the school children, was brought up. Burgess Ross reported that 30 out of the 48 hrs. of the regular police officers time was taken up with the direction of the school children and that with the increase of enrollment of the school which will come will require more protection. He stated that these women will work without pay. Ross stated that with this added help it would give our officer more time to check the speeding and reckless driving done around the high school. The question as to whether these women would be covered by our insurance in case of any injury. Lease moved and Thompson seconded moved to table this issue until it can be checked into further. Motion carried.

Finance Committee - No report.

Solicitor Beers was instructed to advertise for bids for the repairing of the borough streets. This repairing to be done as per the specifications drawn up by the borough engineer Mr. William Weigle. All bids to be received and opened at the next regular meeting of council.

Bierbower moved and Desenberg seconded that an order be granted for the paying of all of the bills with the exception of a bill received from York Pennsylvania Press for Tax Notices, Envelopes and the printing of same, submitted by the borough tax collector Raymond H. Brothers. This bill to the amount of $127.28, and will be questioned before payment. Motion carried.

Bowen moved and Bierbower seconded to adjourn the meeting. Motion carried.

Respectfully submitted,

Samuel Shettel

BIDS FOR BITUMINOUS MATERIAL

Sealed proposals will be received by the Council of North York Borough for an undetermined amount of bituminous material to be delivered and applied to streets as designated, said material being as follows:

1. Approximately 1,500 square yards of Surface Course CP 2 as per Section 5-21 Pa. Dept. Highways 1946 specifications with thickness of 3 inches after compression with 10 ton roller.

2. Approximately 3,000 square yards Double Surface Course AT 1 as per Section 5-24 Pa. Dept. Highways 1946 Specifications.

3. Approximately 300 tons of Pa. Dept. Highways HE-1 BM-1 pre-mixed bituminous material top course.

Copies of Specifications may be obtained from Borough Secretary Samuel Shettel at 1058 North Duke Street, North York, Pa.

Sealed proposals will be received until 5 o'clock p. m. May 3, 1954 at 1058 North Duke Street, North York, Pa. and will be opened publically the same day at the Borough Room, Second Floor Liberty Fire Hall North York, Pa. at 8 o'clock p. m. All times EDT.

The Council reserves the right to reject any or all bids.

SAMUEL SHETTEL,
Borough Secretary.

March 9, 1954.

An adjourned meeting of the North York Borough Council was held Tuesday evening, Mar. 9, 1954. The meeting was called to order by the president Richard A. Morris.

The purpose of this meeting was to adopt an amended ordinance relative to the imposing sewer connection charges, and sewer rentals for costs of construction, upon the owners of property's served or to be served by such sewer system.

The following is the amended section of the ordinance:

Section 3. The above connection charges shall be payable upon application for a permit to make such connection. The above rental shall commence on the date the connection is made, but in no event later than April 1, 1954 as to all, who under Borough Ordinance were required to make connection on or before that date, whether or not the required connections have then been made. All bills shall be rendered in calender quarters in advance and shall be subject to a five per cent penalty if not paid on or before the last day of the quarter for which they are rendered. Any owner of a property required by ordinance to connect to the sewer system any time subsequent to April 1, 1954 shall become liable for the above rental from the date he is so required to connect whether such connection is made or not and shall be billed for that portion of the quarter which elapses after the date on which he is required to make the connection as his first billing after liability attaches.

This amended ordinance was adopted on a motion made by Harry Lease and seconded by Clair Desenberg. Motion carried.

A revised ordinance establishing a two hour parking zone on North George street, on both east and west sides, from 6th. Ave. to 8th. Ave., and also on the south side of East Seventh Avenue, between North George St. and N. Court Avenue, the time to be from 8 A.M. to 6 P.M. from Monday thru Friday. The ordinance was adopted on a motion made by Bierbower and seconded by Desenberg. Motion carried.

Council took action on the paying of their share of the bond to be supplied by Raymond Brothers, newly elected tax collector. This action was approved on a motion made by Lease and seconded by Thompson. Motion carried.

Council discussed ways by which delinquent sewer charges may be collected, but did not arrive at any solution. Issue to be discussed further.

A motion to adjourn was made by Bierbower and seconded by Thompson. Motion carried.

Respectfully submitted,

Samuel A. Shettel

Secretary.

Mar. 1, 1954.

The regular monthly meeting of the North York Borough Council was held Monday evening, March 1, 1954, at 8:00 P.M. The meeting was called to order by the president, Richard Morris. Roll Call found the following councilment to be present: Strine, Bierbower, Desenberg, Lease, Bowen, Thompson, Chief Burgess Ross, Solicitor Beers, Officer Smith, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were read and approved, on a motion made by Desenberg and seconded by Bowen. Motion carried.

Report of Sanitary Committee: In regard to the very unsanitary condition existing at the property at 535 N. George St., it was reported that the owner Mr. Solomon had lifted a permit to enter into the sanitary sewer. In as much as the property is vacant the situation has been remedied for the present. Solomon stated that he will enter into the sewer as soon as the house is occupied.

Officer Smith reported that there are several homes running water into the streets, in direct violation of the ordinance passed. The names of these property owners to be given to the secretary and letters to be sent out.

Highway Committee: It was reported that several of the borough streets were in bad condition due to holes from the sanitary sewer, but that they will be repaired by the sewer construction company. It was reported that poles have been erected for the two hour parking zones on North George St. and E. 7th. Ave.
It was reported that stones have been placed on Sleigh Alley remedying the situation created there. A letter was read from Mr. Allen Kling regarding the condition of W. 10th. Ave. Beirbower reported that he felt the street was in as good condition as before the sewer was installed.
It was also reported that the condition of the alley in the rear of the homes on the north side of W. 6th. Ave. was very bad due to the installation of the sewer pump. It was reported that on rainy days the alley becomes very muddy preventing the residents the use of their garages. It was also reported that residents of Columbia Avenue complained of the deep holes in E. 7th. Ave., between Queen St. and Columbia Avenue. Council stated that they feel that a large part of this is caused by the company constructing the new high school and thought the school board may remedy the situation. The secretary to write the school board regarding this. It was decided by council that the highway committee and Engineer Weigle go over the borough and inspect the streets and draw up specifications as to the amount of street repairing is to be done, and council to then advertise for bids for this work and material.

The police report was read by the secretary. The report was accepted. It was reported that the borough officer was in need of a new raincoat and boots. The matter was turned over to the police committee for disposition. It was decided that all future requests from the police department be handed to the police committee prior to the council meeting.

Fire and Safety Committee: There was no report other than that the monitors for the fire apparatus and ambulance are being ordered.

Finance Committee: The resolution levying a $5.00 per capita tax on every taxable resident of the borough was presented by council for adoption. Lease moved and Strine seconded that this ordinance be adopted. Motion carried.

An ordinance regarding fees for permits for the building and the repairing of structures within the limits of the borough was presented to council for adoption. Thompson moved and Desenberg seconded that this ordinance be adopted. Motion carried.

A permit regarding the erection of two additional lights to the present traffic signal light at the corner of E. 7th. Ave. and N. George St., was present to council. Council stated they were satisfied with the permit regarding the additional lights but they felt that Eagle St., should be opened to two way traffic rather than one way west. The secretary was instructed to write the state requesting another permit

which would include this issue.

The Chief Burgess report was read by the secretary. This reported showed that $60.00 was collected in fines; $32.00 collected in traffic violations and $7.00 collected in permits issued. Chief Burgess also stated that the following have been sworn in as additional fire police: Sydney W. Kistler, H. Keith Ruby and Paul E. Bixler.

The question was raised by council if there is a planning or building code in the borough and of the advisability of drawing up a subdivision ordinance. After discussion Bierbower moved and Thompson seconded that Solicitor Beers draw up a subdivision ordinance for presentation at the next meeting. Motion carried. This ordinance to govern the street layouts in new developements in the borough andwill give definite requirements regarding the streets, curbs and street grading.

A discussion was held regarding the necessity of collecting construction rentals from those property owners who have not as yet entered into the sewer. Solicitor Beers was instructed to draw up an ordinance stating that sewer construction charges be imposed on those persons who have not yet entered into the sanitary sewer. It was stated that an amendment to the present ordinance is all that is necessary. Bowen moved and Thompson seconded that this be done. Motion carried. It was stated that an adjourned meeting of council will be held Tuesday evening, Mar. 9th., at 8:00, in order to adopt this amended ordinance.

Borough council instructed the secretary to pay to the North York Authority $7000.00 as payment on the sanitary sewer. This payment is due Mar. 15th. This was instructed on a motion by Bowen and seconded by Desenberg. Motion carried.

Bierbower moved and Bowen seconded that an order be granted for the payment of all of the bills. Motion carried.

Bierbower moved and Desenberg seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,

Samuel H Shettel

Secretary.

Bierbower moved and Desenberg seconded that the Solicitor be instructed to draw up an ordinance establishing a two hour parking zone on North George St. and E. 7th. Ave. Motion carried.
