The regular monthly meeting of the North York Borough Council was held Monday evening, Nov. 7th. 1960, at 8:00 o'clock, in the Liberty Fire Hall. The meeting was called to order by the president William Everhart. Roll call found the following councilmen to be present: Kauffman, Whorl, Brickner, Chantiles, Gordon; Chief Burgess Desenberg, Solicitor Beers, Secretary Shettel. The minutes of the previous meeting were approved on a motion by Chantiles and seconded by Kauffman. Motion carried.

Finance Committee: The tax collectors report was read. This showed that $236.62 had been collected in borough taxes during the month.
Discussion was held regarding those properties in the borough that have not as yet been assessed as far as property is concerned. At the present time the borough has only collected taxes on the land. Brickner was instructed to check with the county assessor and see why these properties have not been properly assessed.

Highway Committee: Kauffman, chairman of this committee reported that the two alleys that were approved for resurfacing will be completed this week. Chantiles moved that Solicitor Beers draw up the necessary ordinance to put these signs in effect. Brickner seconded the motion. Motion carried.
A request was received for a stop sign to be placed at the intersection of 3rd. and Albright Aves. These signs to be placed on Albright Ave. Police committee to investigate and have these signs installed if they think it is necessary.

The regular monthly meeting of the North York Borough Council was held Monday evening, Oct. 3, 1960, at 8:00 o'clock in the Liberty Fire Hall. The meeting was called to order by the president, William Everhart. Roll call found the following councilmen to be present: Long, Kauffman, Chantiles, Gordon, Chief Burgess Desenberg; Solicitor Robert O. Beers; Engineer William E. Weigle, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were approved on a motion made by Chantiles and seconded by Kauffman. Motion carried.

Highway Committee: Kauffman, chairman of this committee reported that a survey of the completed street work had been made by a representative of the Roadite Co., Engineer Weigle and himself, and that he would report to council that the committee feels satisfied with the work that has been done. He reported that an alley between Dewey Ave., and W. 6th. Ave., and also an alley between E. 8th. and E. 9th. Avenues should be repaired and that this work could be done for about $300.00, and that this would complete the street program for the year. Chantiles moved and Longe seconded that these alleys be repaired. Motion carried. Kauffman suggested that a meeting of the highway committee be called in order to make preliminary plans for the street program for 1961. It was decided to hold this meeting Oct. 18th., at the home of President Everhart.

Finance Committee: The tax collectors report was read by the secretary. This report showed that taxes to the amount of $703.31 had been collected during the month.

Police Committee: It was reported that all the curbs have been painted. A petition signed by the majority of residents of Fifth Ave., between N. Duke St. and N. Queen St., protesting the proposed angle parking on this street. Council decided in view of this they would table the issue. It was also reported that several no parking signs have been placed on Eagle Street to allow school busses to load and unload the children.

Sanitation Committee: It was reported that the storm sewer at 7th. Ave. and Columbia Ave., has been taken care of.
Engineer Weigle stated that he investigated the complaint of the Topflight Tape Co., regarding the storm sewer at the east end of 8th. avenue. Weigle stated that to eliminate this it would be necessary to lay a pipe connecting to an existing drainage pipe at 10th. avenue. He further stated that Topflight Tape Co., agreed to go along with this cost, but he suggested that since it will benefit both Central School District and Manchester Township that they be asked to bear their share of the cost. Mr. Weigle was instructed to bring an estimated cost of this project to the next meeting.

Mr. Lee Foust, York County Sanitarian for the Penna. Dept. of Health was present at the meeting. He stated that he had just been appointed to this county and that the department was ready to assist the borough in any health problems that they might have. He further stated that the department had made a survey of the entire county and that the borough would have a full report on the findings in the borough in the very near future.

Councilman Longe reported that he had attended a meeting of the York County Civil Defense held at the Court House. He stated that the main consideration of the meeting was the financial standing of the organization. He stated they ask for $31,000, plus 15,000 from the county, which would be matched by the federal government. He also stated discussion was held regarding more complete communications, sirens, mobile units, etc. He further stated that any borough who was not active in this organization would not receive any benefits from it. He reported that it was a very informative meeting and that the borough should give it some consideration.

Fire & Safety Committee: No report.

The report of Chief Burgess Desenberg was read by the secretary. This showed that $43.00 had been collected in permits during the month., and that $20.00 collected from a Planning & Zoning hearing.

Chantiles moved and Gordon seconded that an order be granted for the payment of all of the bills. Motion carried.

The regular monthly meeting of North York Borough Council was held Monday evening, Sept. 12, 1960, at 8:00 P.M. in the Liberty Fire Hall. The meeting was called to order by the president William Everhart. Roll call found the following councilmen to be present: Brickner, Chantiles, Kauffman, Gordon, Whorl, Chief Burgess Desenberg, Engineer Weigle, Solicitor Beers, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were approved on a motion by Chantiles and seconded by Kauffman. Motion carried.

The resignation of Councilman Earl Smith was read by President Everhart. This resignation was accepted with regret on a motion by Chantiles and seconded by Gordon. Brickner moved and Chantiles seconded that a resolution be passed appointing Ralph Longe to serve as councilman to serve the unexpired term of Smith. Motion carried.

Finance Committee: A financial statement from Jan. 1, 1960 to July 31, 1960 was submitted to council by the secretary. The tax collectors report was read showing that $1546.55 had been collected in 1960 taxes during the month of August.

Police Committee: It was reported that the Yellow curb lines are in the process of being painted. William Flickinger Jr.'s time as special police officer was approved by council.
It was suggested that the secretary send a letter of thanks to the North Gate Shopping Center for the use of their equipment used in painting the white lines in the borough.
A credit card was received from the Crown Oil Co., and was put into use by the Police and Highway Departments.

Sanitation Committee: The issue of the clogged storm sewer at 7th. and Columbia Avenues was again discussed. It was reported that this had been checked and it was found that access to this sewer almost made it impossible to find the source of trouble, also that it would be necessary to place a manhole there for proper access.
A letter was read from Topflight Tape Co., regarding the sanitary sewer at the rear of their company at the corner of 8th. avenue and Howard avenue. They stated the drainage condition was unsightly and unsanitary. After discussion the secretary was asked to inform them that our Engineer William Weigle would check into this situation with them.
Bills from C. H. Reed and Edward Jackson, for work on the electric sewer pump were approved for payment.

Highway Committee: Kauffman reported that as far as the contractor is concerned the highway program was completed. He reported that some patch work had to be done on the alleys between 8th. and 9th. avenue, and between 10th. and 11th. avenues, and also Schley Alley from 6th. avenue to Dewey avenue. Quickel was instructed to check and do the patch work that was necessary.
The question was raised as to whether the street work had been done to our satisfaction. Council decided to have the highway committee with Engineer Weigle and Mr. Hoffman of the Roadite Co., make a final check of the completed work

Fire & Safety Committee: No report.

Light Committee: No report.

July 11, 1960

The regular monthly meeting of the North York Borough Council was held Monday evening, July 11, 1960, at 8:00 o'clock in the Liberty Fire Hall. The meeting was called to order by the president William Everhart. Roll call found the following councilmen to be present: Kauffman, Brickner, Gordon, Chantiles, Whorl; Solicitor Beers, Engineer Weigle, Chief Burgess Desenberg and Secretary Shettel . The minutes of the previous meeting were approved on a motion made by Chantiles and seconded by Gordon. Motion carried.

Anna Sunday a resident of E 10th. Ave., was present at the meeting and stated that another resident of this avenue was burning trash that was creating a nuisance. She stated that although he was burning it in a can according to the law he was letting it smolder creating this nuisance. Council stated that they would contact this resident and ask him to burn this trash at the extreme end of his lot which would relieve this situation.

Finance Committee: The tax collectors report showed that 1960 taxes to the amount of $7,993.65 had been received during the month.

Police Committee: Chantiles stated that yellow paint was needed and ask permission to purchase some. George Gingerich of Gingerichs Mens Wear, North George St., requested that the No Parking sign on E. 6th. Avenue be removed and the yellow line be extended creating a loading zone for his dry cleaning service. Council stated they would move the sign in any direction for his convenience and allow him to load and unload his truck, but in no instance drive his truck onto the sidewalk for more convenient loading.

An ordinance was read by the secretary. This is an ordinance declaring certain matters and acts within the Borough of North York to be nuisances; providing for the abatement of same; and imposing penalties for the creation or maintenance thereof. Chantiles moved and Gordon seconded that the ordinance be adopted. Motion carried.

A second ordinance was read as follows: An ordinance relating to vagrancy, drunkenness, begging and breach of the peace and providing penalties therefor. Chantiles moved and Kauffman seconded that this ordinance be adopted. Motion carried.

Chantiles requested that the committee be given permission to obtain a private telephone line for the police officer.

Sanitation Committee: It was reported that the storm sewer at Columbia and 7th. avenue is clogged and should be cleaned out. Gordon stated he would call Edw. Jackson and have him run a tape thru the sewer and open it.

John Hershock, chairman of the Zoning Board of Adjustment requested that the Planning and Zoning Commission be reactivated or reappointed as there are several changes that should be made. Beers suggested that this commission be appointed but that they meet with him to determine the number of changes and the necessity of them.

Highway Committee: Kauffman stated that he had reviewed the street program and the money that would possibly be spent. He stated that our share of 11th. avenue would be approximately $1400.00; Chapel Drive $2500.00 with $1500.00 taken from the sewer fund; Patch work $1037.23. $3537.23 to be used. He stated the highway committee would again go over the program. An invoice for patch work had been received from the Roadite Co., but will be questioned as to the exact amount of it pertains to the borough and what amount to the sanitary sewer.

Fire & Safety Committee: The $\frac{1}{4}$ yearly contribution was paid to the Liberty Fire Co.

Light Committee: No report.

The Chief Burgess report was read by the secretary. This report showed that $2.00 had been collected in fines and $36.00 in permits during the month.

A communication was read from Lewis P. The regular monthly meeting of North York Borough Council was held Monday evening, April 4, 1960, at 8:00 P.M. in the Liberty Fire Hall. The meeting was called to order by the president William H. Everhart. Roll call found the following councilmen to be present: Chantiles, Kauffman, Brickner, Smith, Whorl, Gordon; Engineer Weigle, Solicitor Beers, Burgess Desenberg, Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were approved on a motion made by Chantiles and seconded by Whorl. Motion carried.

Finance Committee: The tax collectors report was read by Whorl, chairman of this committee. This report showed that 1959 taxes to the amount of 133.14 were collected during the month. Council was informed that the borough transcript book would not be available for from six to eight weeks. Because of this council found it would be necessary to arrange for a second loan. Whorl moved and Chantiles seconded that a resolution be passed giving the president and secretary the authority to arrange for a loan of $2000.00 from the York Trust Co. Motion carried.

Police Committee: Chantiles chairman of this committee stated that he had made a study of the parking condition on 5th. avenue from N. Duke St. to N. Queen St. He stated that at the present time a total of ten automobiles were able to park horizontally on the north side of the avenue. He stated that by parking these cars at an angle it would be possible to park about 26 cars, and that horizontal parking be continued on the south side of the street. The question was raised as to whether cars would be able to pass between the parked cars. Chantiles stated that 5th. avenue was the widest street in the borough being 40' wide, and that he thought this would be possible. He recommended to council that the police committee be given the authority to make a study of this issue. Smith moved and Gordon seconded that the police committee be given the authority to study the parking on 5th. avenue as recommended, checking particularly regarding the distance between the angular and horizontal parked cars. Motion carried.
The committee recommended a stop sign at the intersection of N. Court Ave. and Laurel St. Council felt this was unnecessary due to the fact that all four approaches to the intersection were blind ones and it was necessary for a motorist to come to a complete stop before crossing the intersection.
It was reported that the Goodling Electric Co., requested a stop sign placed at the intersection of Albright and 2nd. Aves. They stated they would erect the sign if council gave them the authority to do so. Chantiles moved and Kauffman seconded that council give this company authority to erect the stop sign. Motion carried.
The question of purchasing gasoline from a private service station rather than using if from our bulk tank was again discussed. Brickner reported he had received quotations from Chicks Service Station and Charlestons Service Station. Both of these were for a price of 25.9 cents per gallon. Smith moved and Gordon seconded that gas and oil be purchased from Chick's Crown Service station on a temporary basis. Motion carried. The possibility of obtaining a credit card and tax exemption to be checked.

Sanitation Committee: It was reported that the storm sewers were filled up. Chantiles moved and Whorl seconded that the committee contact Paul Lauer and have these sewers cleaned. Motion carried.

Highway Committee: The committee decided to meet as soon as possible and make a survey of the borough to determine the amount of repairing necessary in the general street repairing program, and make the necessary recommendations to borough council.
It was reported that crusher waste has been placed at the necessary places in the borough.
Kauffman, chairman of this committee was requested to contact Manchester Township Supervisors regarding the repairing of 11th. Ave. He is also to contact them regarding the very high knob of ground at the corner of 11th. and Columbia Aves. This is a very dangerous condition when going on to Columbia Ave., from 11th. Ave.

Discussion was held regarding a retaining wall built in Schley Ave., by Central School District. Complaints had been received that this wall was extending out into the alley. Weigle stated that the wall was primarily put there to protect the new addition to the Wilson Elementary School. He felt that the issue was not important enough to go to the expense of having it surveyed. Council after discussion decided to table the issue.

Whorl moved that a resolution be adopted to apply to York County for aid for road maintenance. Kauffman seconded the motion. Motion carried.

Fire & Safety Committee: This committee reported that the calcium chloride which had been used on the icy intersections proved very satisfactory.

Light Committee: No report.

Burgess Report:	Permits	$5.00
	Planning & Zoning	$20.00
	Sale of Light	$50.00

Chantiles moved that an order be granted for the payment of all of the bills. Smith seconded the motion. Motion carried.

Smith moved that the meeting be adjourned. Kauffman seconded the motion. Motion carried.

Respectfully submitted,

Samuel H. Shettel

Secretary.

The regular monthly meeting of the North York Borough Council was held Monday evening, February 1, 1960, at 8:00 o'clock in the Liberty Fire Hall. The meeting was called to order by the president, William H. Everhart. Roll call found the following councilmen to be present: Brickner, Kauffman, Chantiles, Smith, Whorl; Solicitor Beers, Engineer Weigle, Chief Burgess Desenberg; Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were approved on a motion made by Chantiles and seconded by Whorl. Motion carried.

Finance Committee: The proposed budget for the year 1960 had its final reading and was adopted on a motion made by Whorl and seconded by Kauffman. Motion carried. The ordinance regulating the milleage to be used for tax purposes for general use was read, setting the milleage at .012 mills. This ordinance was adopted on a motion by Smith and seconded by Whorl. Motion carried.

Police Committee: Chantiles recommended to council that they purchase a riot gun. This gun can be obtained for the price of $5.00 from Darrel Krone of Manchester Borough. He stated that our police officer had use for one of these guns. Smith moved and Brickner seconded that council purchase this gun. Motion carried.

Sanitation Committee: A bill to the amount of $742.98 from Stewart & March Inc., was presented to council for payment. This bill had been held from our last meeting so that an itemized bill could be furnished council showing just what work had been done. Council being satisfied with this bill ordered it paid on a motion by Chantiles and seconded by Kauffman. Motion carried.

Highway Committee: Kauffman, chairman of this committee reported that a new post had been placed on 7th. avenue, a new post and sign on Albright Ave., and one post straightened at 10th. Ave.
Regarding the drainage problem at the York Suit Co., Engineer Weigle stated that he had been in contact with this company and their attorney and arrived at the following solution. The York Suit Co., would agree to lay a concrete gutter and invite water from Dalymple St. and N. Duke St. onto their property. Weigle stated that if a trench would be dug on the south side of the companies property it would direct the water from 4th. Ave. and N. Duke St., and prevent the water from running down their newly graded and seeded property. He stated that he felt it could be done very economically and solve the problem. Chantiles moved and Smith seconded that Weigle contact Stewart & March Inc., and have them dig this trench under his supervision. Motion carried.
A letter was read from Raymond Brothers regarding a wall that is being constructed in Schley Ave., between Eagle St. and Sigsbee Ave. He stated that this wall may be in the alley proper and wishes council to check into this. Council instructed the highway committee with Engineer Weigle to check into this issue.

Fire & Safety Committee: It was reported that the fire hydrant has been placed at Evunbreth Hights by the York Water Co.

Light Committee: It was reported that the signal light was not in proper working condition. This is to be taken care of.

Chief Burgess Desenberg's report was read by the secretary. This showed the following:

Permits	$12.50
Fines	6.00
Juke Box & Pin Ball Tax	200.00
	$218.50
York County Gas Co.	2.00
	$220.50

New business:

A discussion was held regarding gasoline used by the borough. The question was raised whether or not it would be better to discontinue to purchase gasoline in bulk form. Chantiles stated that he felt since the borough has received and will receive many courtesies from an individual service station and that the purchase of gas can be made just as cheap at one of these stations it may be advisable to purchase it in this way. Suggestion was also made that it may be possible to obtain a credit card and have the borough billed every month for gas and work being done. The police committee was instructed to check into this issue and report their recommendations at the next meeting.

A letter was read by the secretary from Attorney Judson Ruch, who represents David Orr, stating that unless the 1960 garbage contract is given to Orr within ten (10) days they will proceed with legal action. Council decided to table the letter as per instructions from Attorney Beers our Solicitor.

Smith moved and Chantiles seconded that an order be granted for the payment of all of the bills. Motion carried.

Whorl moved and Smith seconded that a resolution be passed authorizing the president and secretary of council to borrow the amount of $2000.00 from the York Trust Co., for a period of four months and to be used for general fund purposes. Motion carried.

Whorl moved and Kauffman seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,

Samuel H Shettel
