November 7, 1966

The regular monthly meeting of the North York Borough Council was held Monday evening, November 7, 1966, at 8:00 o'clock in the Liberty Fire Hall. The meeting was called to order by the president William H. Everhart. Roll call found the following to be present: Councilmen: Gladfelter, Whorl, Schmid, Donaven, Callahan; Mayor Lehr; Engineer Weigle; Treasurer Everhart and Secretary Shettel. The minutes of the previous meeting were accepted on a motion by Donaven and a Second by Callahan. Motion carried.

Ross Black, Neil Young and Jack Donaven all trustees of the Liberty Fire Co. were present at the meeting. Ross stated that the fire company would not be able to continue to operate unless the situation regarding the lack of fire drivers is not changed. He stated that at times the fire chief had to drive the apparatus which is something that should not have to be. He further stated that the company has sent young men to state fire schools but they are usually called to military service.
He stated that LaNasa is at present the fire chief and Jim Frey the asst. fire chief and they are of the same opinion. There are quite a few young men who do show a great interest in the fire company but they are not old enough to drive as the age for the driving of a fire apparatus is 21 years. Ross stated that fire companies all around our area have paid drivers and we are more or less right in the middle. It was stated the fire company felt a minimum of two drivers would be needed. They ask that borough council discuss this matter and arrive at a solution. This was turned over to the Public Safety Committee to check and discuss and possibly meet with the trustees of the fire company and come to some decision.

Highway Committee: Gladfelter reported that he had contacted Deller regarding the work to be done as discussed at the last meeting. He stated Deller would not be able to do anything until about the 15th. of the month but he had not heard anything from him up to the present time.
Gladfelter further reported he had contacted Frank Scholl regarding the removal of snow. He and Whorl had checked his equipment and feel that it is adequate for this job. Mr. Scholl quoted the following prices for this work: Hi-Lift $10.00 per hour; Grader $7.00 per hour; Truck with Blade $10.00 per hour and Truck to haul snow away $5.00 per hour. He stated that he feels that he will have a place to dump snow.
Mr. Scholl stated that he would like to have a written agreement from the borough that he has been given this job and that the borough would be given preference over anyone else in the removal of snow. Donaven moved and Schmid seconded that Mr. Scholl be hired to remove snow in the borough and that an agreement be written to him regarding same. Motion carried.
It was decided that a minimum of 4" of snow must fall before he must remove it. Also that the committee to be given the authority to inform Mr. Scholl when and where to move snow., preference given to the fire company building and intersection of E. 7th. Ave. and N. George St. Discussion washeld regarding the removal of snow from the alleys on a secondary basis. Gladfelter moved that this be done. Donaven seconded the motion. Motion carried with four yes and one no.

Public Safety Committee: It was reported that the fire hose ordered for the apparatus has been received and has been installed on the apparatus.
The report of the auditors of the Liberty Fire Co., was received and read.
It was reported that some discussion was had concerning the formation of a joint police department between Manchester Township and North York Borough. Whorl stated that it will be necessary to check into the legality of this and that Solicitor Beers stated he would check this but he felt that there should be no reason why it would not be legal. The Secretary to obtain figures regarding the cost of operating the Police Department. Schmid was requested to check with the Manchester Supervisors.

A discussion was held regarding the newly established parking lot at the corner of E. 6th. Ave. and N. Duke St. It was thought that the lighting of the lot was more than necessary. It was stated that these lights would be cut off at 10:00 o'clock every evening and only be used while there are services at the church. Mr. Weigle stated that he had checked into the drainage problem and also the exits and entrances and found them to be very satisfactory.

The committee was asked to check the parking condition on the south side of E. 7th. Ave., at the parking lot of the North York Pharmacy. Cars are being parked out over the sidewalk.

The secretary was instructed to prepare specifications for the purchase of a 1967 police car, and also place advertisement for bids in the paper. Bids to be received at the next meeting.

Sanitation Committee: The condition of the buckling of the street at a portion of 11th. Avenue to be investigated.

The secretary was instructed to prepare advertisement for bids for the collection of garbage for 1967 and have it placed in the paper. Bids to be opened at the next meeting.

Finance Committee: It was reported that $176.77 had been collected in taxes during the month.

It was decided to renew certificate of deposits held on the Sanitary Sewer Fund and add the interest to the certificate.

It was decided to include the president in bonds furnished to the secretary and treasurer. This was advised by the auditor of the Police Pension Fund. Bonds to be increased to $4000.00 per person and to be furnished for the President, Secretary and Treasurer.

Mayor Lehr's report showed that $164.50 had been collected in permits issued; $.50 in bicycle licenses issued; and $30.00 in fines collected by his office.

Whorl moved and Gladfelter seconded that an order be granted for the payment of the bills subject to final audit. Motion carried.

Donaven moved and Schmid seconded that the meeting be adjourned. Motion carried.

Respectfully submitted,

Samuel H. Kotwell
